Expires on 05/21/2024

Asst. U.S. Attorney: Thomas J. Hanlon

Date Supervision Commenced: November 18, 2016

Defense Attorney: Federal Defender's Office

Date Supervision Expires: May 21, 2024

---

**PETITIONING THE COURT**

To issue a warrant and to incorporate the violations contained in this petition in future proceedings with the violations previously reported to the Court on 07/10/2017, 09/12/2017 and 03/16/2018.

The probation officer believes that the offender has violated the following condition(s) of supervision:

Violation Number      Nature of Noncompliance

5

**Special Condition #14:** The defendant shall abstain from the use of illegal controlled substances, and shall submit to urinalysis and sweat patch testing, as directed by the supervising officer, but no more than 6 tests per month, in order to confirm continued abstinence from these substances.

**Supporting Evidence:** On or about May 1, 14, and 31, 2018, Mr. Ike consumed marijuana.

Mr. Ike's conditions were reviewed with him on November 22, 2016. He signed his judgment acknowledging an understanding of his conditions which includes special condition number 14, as noted above.

**Re: Ike, Howard**

**June 13, 2018**

**Page 2**

On May 1, 2018, Mr. Ike provided a urinalysis (UA) sample, which on site tested presumptive positive for tetrahydrocannabinol (THC), the active chemical in marijuana. Mr. Ike denied new use of marijuana, stating his last use was on March 7, 2018. The sample was sent to Alere Toxicology (Alere) for confirmation. On May 6, 2018, Alere reported the sample was confirmed positive, as well as being dilute.

On May 14, 2018, Mr. Ike provided a UA sample, which on site tested presumptive positive for THC. Mr. Ike denied new use of marijuana. The sample was sent to Alere for confirmation. On May 17, 2018, Alere reported the sample was confirmed positive for THC.

On May 31, 2018, Mr. Ike provided a UA sample, which on site tested presumptive positive for THC. Mr. Ike denied new use of marijuana. The sample was sent to Alere for confirmation. On June 4, 2018, Alere reported the sample was confirmed positive for THC as well as being dilute.

On June 4, 2018, the undersigned requested the THC level for each of the above UA samples from Alere. On June 11, 2018, Alere reported, after normalizing the samples, the sample collected on May 1, 2018, contained 2504 ng THCA/mg Creatinine; the sample collected on May 14, 2018, contained 5147 ng THCA/mg Creatinine; the sample collected on May 31, 2018, contained 2358 ng THCA/mg Creatinine. The undersigned also requested an interpretation of the results from Alere. The director of toxicology from Alere stated, in the June 11, 2018, report, due to the normalized level of drug present in the UA samples collected, it appears Mr. Ike reused marijuana prior to each of the UA samples.

The U.S. Probation Office respectfully recommends the Court **issue a warrant and** incorporate the violations contained in this petition in future proceedings with the violations previously reported to the Court on 07/10/2017, 09/12/2017 and 03/16/2018.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on: June 13, 2018
